

# General Studies - Mechanical Engineering Pathway

## Program Location: All locations except for Brookley Field

Length: Four Semesters + One Summer Term

This pathway is designed for students who plan to transfer to a four-year institution to complete a baccalaureate degree in mechanical engineering. Requirements vary among institutions. The following program is a composite of the requirements of the first two years of the baccalaureate degree at most four-year institutions. Students should have successfully completed a minimum of four units of high school mathematics, including trigonometry, and three units of science in biology, physics and chemistry.

## Semester-by-Semester Pathway/Alabama Transfers Guide

A semester-by-semester pathway is provided as a guide for course selection. Students should consult their Degree Works degree plan and complete an *Alabama Transfers* transfer guide to ensure that they take the appropriate courses for their major at their selected four-year institution.
