

MTH 110C: Finite Mathematics

This course provides an overview of topics in finite mathematics together with their applications and is intended for students who are not majoring in science, engineering, commerce, or mathematics (i.e., students who are not required to take calculus). The course introduces logic, set theory, counting techniques, basic probability, statistics, and personal finance. MTH110C requires the MTH109 corequisite course.

Credits: 3

Transfer Code: Transfer Code
Code A

Lab Hours: 0

Lecture Hours: 3

Prerequisites:

Grade of C or higher in MTH 098 Elementary Algebra or appropriate mathematics placement score

Co-Requisites:

MTH 109
