

---

**MARINE INDUSTRY TECHNOLOGY**

**Short-Term Certificate – STC MIT**

---

**Program Location: Foley**

Length: Two Semesters

This is a program that prepares individuals to apply technical knowledge and skills to repair outboard, inboard and inboard outboard engines; test, maintain and repair steering devices and electrical systems; repair metal, wood and fiberglass hulls and vessel components.

This is a career program designed for students to go directly into the labor market upon completion. Although some of the courses in this program will transfer to four-year institutions, this program is not designed to be a transfer program of study; therefore, it is not subject to the terms and conditions of STARS.
