

AUTOMOTIVE TECHNOLOGY

Short Term Certificate – STC ASE

Program Locations: Baldwin Preparatory Academy

Length: Two Semesters

This Automotive Technology program is designed to develop technicians capable of high-quality automotive service and maintenance. The training certificate program prepares graduates for entry-level positions that include technician or apprentice technician in an automotive dealership, technicians for repair and services establishments.

This is a career program designed for students to go directly into the labor market upon completion. Although some of the courses in this program will transfer to four-year institutions, this program is not designed to be a transfer program of study; therefore, it is not subject to the terms and conditions of Alabama Transfers state transfer and articulation reporting system.
