

Foley Career and Technical Facility

Located inside the 36,000 + square foot Baldwin Center for Business Development, the **Foley Career and Technical Facility** occupies 4,000 square feet and includes two classrooms, a flexible lab space, two faculty offices, a learning resources area equipped with digital and print materials, and a private space for testing. The classrooms each seat approximately twenty students and are equipped with digital Promethean smartboards along with other classroom supplies. In addition, Coastal Alabama occupies an additional 4,000 square foot lab space for technical training courses.
