

High School Programs General Information/Policy

At Coastal Alabama Community College, qualifying high school students have several opportunities to earn college credit while still attending high school. Under the guidelines of the Alabama Community College System Board of Trustees Policies and through cooperative partnerships, the following programs currently allow high school students early admission to college:

1. Accelerated Program
2. Dual Enrollment Program

Detailed information on Accelerated High School/Dual Enrollment, including admission procedures and forms, can be found on the Coastal Alabama Community College website under the [Programs](#) link.
