

Inclement Weather Policy

Faculty and students are responsible for meeting all assigned classes. In the event of inclement weather, faculty and students will be expected to attend classes as usual as long as they do so without risk of peril to themselves or to others.

In cases of severe inclement weather, the College will announce cancellation of classes through the local media as well as through the College's website. Coastal Alabama Community College uses the Rave Mobile Safety Mass Notification System to notify employees and students of emergency situations. The College will use this system if any change in schedules or any campus closures occur. Students and employees already have user accounts set up based on their information on file. Students are automatically entered into the notification system when they are accepted to the College.
