

Providing Services for Students with Disabilities

Services and reasonable accommodations are provided pursuant to Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. The Alabama Community College System is committed to working with individuals with disabilities. It is a goal of The Alabama Community College System to ensure that students with disabilities have the programmatic and architectural accesses needed for integration into campus life.

Any requests for academic adjustments, should be directed to the ADA Coordinator. All applicants must meet the academic and technical standards requisite to admission or participation in programs and/or activities at Alabama Community College System institutions. Alabama Community College System institutions will not reduce standards in the grading and/or evaluation of students. Academic requirements that are determined by the respective college to be essential or fundamental will not be modified.

Alabama Community College System institutions strive to eliminate barriers to learning or participation in other institutional activities, and provide the following services for students and faculty:

- Screening of disability documentation
- Determination of appropriate accommodations
- Communication with faculty and/or staff regarding student needs
- Referral to other available campus and/or community resources

Providing reasonable accommodations for students with disabilities requires an individual assessment of need and is a problem solving process. Specific accommodations depend upon the nature and requirements of a particular course or activity and the skills and functional abilities of a particular student.
