

MTH 110S: Finite Mathematics with Support

This course provides an overview of topics in finite mathematics together with their applications and is intended for students who are not majoring in science, engineering, commerce, or mathematics (i. e., students who are not required to take calculus). The course introduces logic, set theory, counting techniques, basic probability, statistics, and personal finance. **This course includes additional resources to support the MTH 110 curriculum.**

Credits: 3

Transfer Code: Transfer Code
Code A

Lab Hours: 0

Lecture Hours: 3

Prerequisites:

Grade of C or higher in MTH 098 Elementary Algebra or appropriate mathematics placement score

Co-Requisites:

None
