

Biomedical Science

This template has been completed by the appropriate Academic Committee as a blueprint for guiding students who intend to major in this discipline. Students who successfully complete this course of study and who meet the requirements for admission to the participating state senior institution are eligible to apply for admission to the major with junior standing. Not all two-year colleges or universities will offer every course or program and course numbers and names may vary. Students desiring to transfer will be advised to refer to catalogs or to access details about courses and programs through world-wide web sites of colleges and universities.

Areas I-IV General Studies Curriculum Core

41 Hours (Could be 42 if a 4-SH Mathematics course is taken in Area III.)

Forty-one semester hours of credit in general studies core courses have been approved by the Articulation and General Studies Committee. The general studies curriculum core includes study in the areas of written composition, humanities and fine arts, natural sciences and mathematics, and history, social, and behavioral sciences.

Area I Written Communication

6 Semester Hours

Effective written communication skills are essential in a literate society. **Requirements include at least 6 semester hours in written composition.**

NOTE: English Composition I and II are the only courses available in AREA I.

Area II Humanities and Fine Arts

12 Semester Hours

Study in the humanities addresses the ability to deal with questions of values, ethics, or aesthetics as they are represented in literature, philosophy, religion, and the arts, and is fundamental to general education. **Minimum requirements include at least 12 semester hours in humanities with a minimum 3 semester hours in literature*, 3 semester hours in the arts, and the remaining semester hours from the humanities and/or fine arts.** In addition to literature, disciplines in the humanities include, but are not limited to, philosophy, religious studies, speech, foreign languages, art, music, theatre, and dance.

NOTE: Students must complete a 6 semester-hour sequence either in literature or in history in Area II or IV.

Discipline Specific Requirements for AREA II:

Students planning to pursue a degree in Biomedical Sciences at the University of South Alabama (USA) must complete a course in PUBLIC SPEAKING [SPH 107].

Area III Natural Sciences and Mathematics

11 Semester Hours (Could be 12 if a 4-SH Mathematics course is taken in Area III.)

Study in the natural sciences and mathematics emphasizes the scientific method and applies quantitative or inductive reasoning. **Requirements include at least 11 semester hours with at least 3 semester hours in mathematics at the precalculus algebra level or higher (some degrees may allow Finite Mathematics) and at least 8 semester hours in the natural sciences which must include laboratory experiences.** Disciplines in the natural sciences include but are not limited to, astronomy, biology, chemistry, geology, and physics.

NOTE: Some mathematics courses are offered for 4 semester credit hours and some natural science laboratory courses are often 5 semester hours. Only minimum semester hour requirements are indicated.

Discipline Specific Requirements for AREA III:

Students planning to pursue a B.S. Degree in Biomedical Sciences at the University of South Alabama (USA) must complete CALCULUS I and the GENERAL CHEMISTRY SEQUENCE FOR MAJORS WITH LABORATORIES [CHM 111 and 112]. Additional math and science requirements are listed under Area V.

Students planning to pursue a B.S. Degree in Biomedical Sciences at the University of Alabama at Birmingham may take MTH 113 or higher.

Area IV History, Social and Behavioral Sciences

12 Semester Hours

Study in history and the social and behavioral sciences deals primarily with the study of human behavior, social and political structures, and economics. **Requirements include 12 semester hours with at least a 3 semester hours course in history and at least 6 semester hours from among other disciplines in the social and behavioral sciences.** Disciplines include, but are not limited to, anthropology, economics, geography, political science, psychology, and sociology.

NOTE: Students must complete a 6 semester-hour sequence either in literature or in history in Area II or IV.

Discipline Specific Requirements for AREA IV:

Students attending the University of South Alabama must complete:

Students must complete a two-course sequence [6 SH] in either:

AMERICAN HISTORY [HIS 201 & 202] **or**
WORLD HISTORY [HIS 121 & 122]

Students must complete:

GENERAL PSYCHOLOGY [PSY 200] [3 SH]

Students may select one of the following:

INTRODUCTORY SOCIOLOGY [SOC 200 **or** SOC 210] [3 SH]

Students attending the University of Alabama at Birmingham must complete:

Students must complete a two-course sequence [6 SH] in either:

AMERICAN HISTORY [HIS 201 & 202] **or**
WESTERN CIVILIZATION [HIS 101 & 102] **or**
WORLD HISTORY [HIS 121 & 122]

Students must complete:

GENERAL PSYCHOLOGY [PSY 200] [3 SH]

Students may select one of the following:

Human Growth & Development [PSY 210] [3 SH]
INTRODUCTORY SOCIOLOGY [SOC 200 **or** SOC 210] [3 SH]

Area V Pre-Professional, Major and Electives

19-23 Semester Hours

Area V is designated for courses appropriate to the degree/major requirements of the individual student (it may also include electives). These courses are most often taken during the last part of the sophomore year to prepare a student to enter the four-year institution as a junior in their chosen major.

NOTE: Some institutions may include courses in wellness or physical education.

Discipline Specific Requirements for AREA V:

Students may select up to 22 SH in Area V from the following courses:

BIO 103 Principles of Biology I [4 SH]
BIO 104 Principles of Biology II [4 SH]
CHM 221 Organic Chemistry I [4 SH]

CHM 222 Organic Chemistry II [4 SH]
CIS 146 Microcomputer Applications [3 SH]
* MTH 265 Elementary Statistics [3 SH]
* BUS 271 Business Statistics I [3 SH]
* PSY 260 Statistics for the Social Sciences [3 SH]
PHY 201 General Physics I [4 SH]
PHY 202 General Physics II [4 SH]
PHY 213 General Physics with Calculus I [4 SH]
PHY 214 General Physics with Calculus II [4 SH]

Students transferring to UAB may select one of the following:

HEC 140 Principles of Nutrition [3 SH]
NUR 206 Advanced Nutrition Concepts [3 SH]

* Students transferring to UAB can only take one course in Statistics.

Total Combined Hours for Areas I-V

60-64 Semester Hours (Could be 65 if a 4-SH Mathematics course is taken in Area III.)

NOTE: For institutions requiring 120 semester hours for graduation the maximum allowable hours for transfer from a community college into a four-year baccalaureate degree program will be 60 semester hours. The primary goal of the template is to try to allow for 1/2 of the total degree hours to transfer from an Alabama public two-year community college to an Alabama public four-year university. The template sets the policy for the [ALABAMA TRANSFERS GUIDE](#). If you are a transfer student, make sure you obtain and follow an official [ALABAMA TRANSFERS GUIDE](#).
