

LIBERAL ARTS, A.A.

LENGTH: Four Semesters

PURPOSE: This transferable program offers the opportunity to broaden one's experience and interest in the visual arts. The curriculum is designed for students who plan to complete a four year program in preparation for a professional career in the fine arts, commercial art or art education.

NOTES

- * Placement in ENG101 is based on test scores. See your adviser to see which English you need to take. If you not place in ENR101, see your adviser to come up with an alternate map for your classes.
- * Placement in MTH110 is based on test scores. See your adviser to determine which math class you need to take. If you did not place into MTH110, ask your adviser to help you come up with a modified academic map. Also, MTH110 is not offered every semester on every campus. If you are planning to go into business, education, or other related fields, you might need to take higher-level math. Check with an academic advisor before selecting a math course.
- * You must take a science sequence, which means two classes in the same science. If you are not going into a health-related field and you want to take biology, take BIO101 and BIO102. If you think you might want to go into a health-related field or a scientific field **OR** if you are undecided about your transfer major, take BIO103 and BIO104. All science courses must be taken in sequence, that is, with the lower numbered class first. The exception is Physical Science-- PHS111 or PHS 112. Those may be taken out of sequence. If you are certain you are not going into a science-related field, Physical Science is an overview of all fields of science, and it might be a good class for you.
- * You must take a sequence in history, that is, two consecutive classes. For example, if you take World History, you must take the other half of World History. You cannot take two different types of history courses. History classes do not have to taken in sequence; in other words, the lower number class does not have to be taken first.
- * For the final Social Science Elective: Do not sign up for a class you have already taken from this list!
- * Students should consult their transfer institution or the STARS templates at www.coastalalabama.edu. See an academic advisor for assistance.

Program: Liberal Arts

Type: A.A.

SEMESTER ONE

Item #	Title	Credits
ENG 101 3	English Composition I	
3	Humanities and Fine Arts Elective	
3	MTH 110 or more advanced	
4	Natural Science Sequence	
3	History Sequence	
ORI 101 1	Orientation to College
